No stress. Simply enjoy your Wood for Life.

Enter without caution

It's nice to come home. Coming home is even nicer if you have to worry less about stains or scratches on your floor. Our highly wear-resistant wood is prepared to handle your day-to-day routines. Even your four-legged friends are welcome.

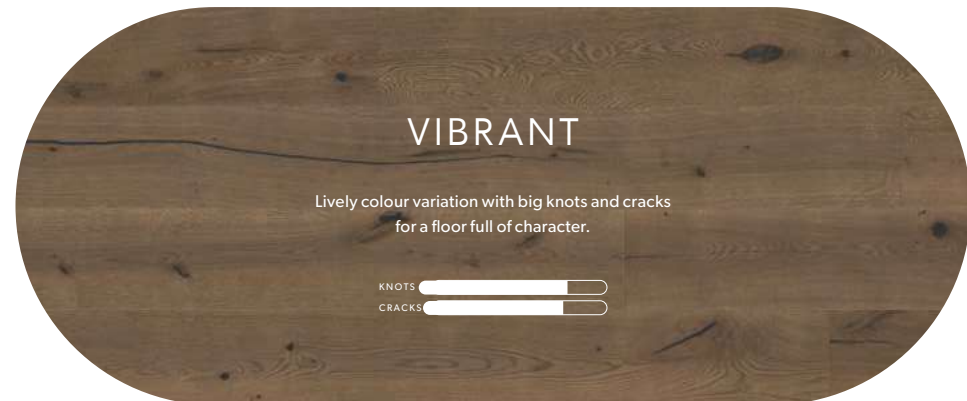

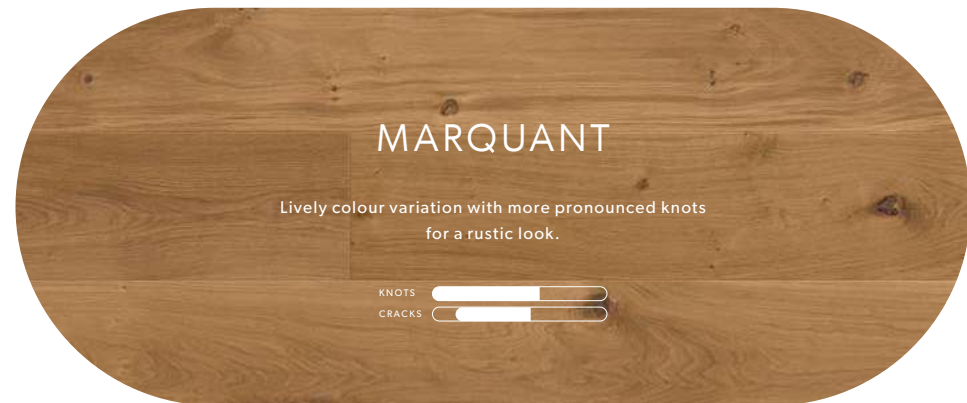

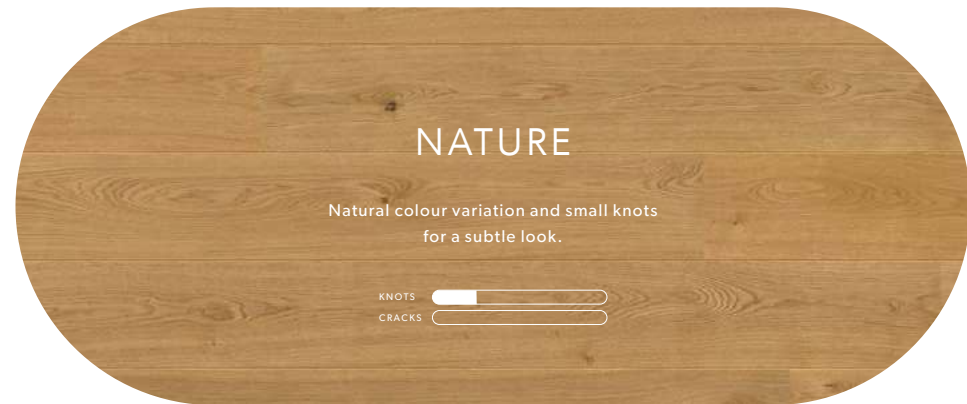

Effortless installation

Installing your Quick-Step floor is as easy as 1-2-3. Floating or glued down: the choice is yours! Easily combine it with underfloor heating, or take it to the next level and use our flooring to finish or renovate any type of staircase.

Grading

Our classification system divides our wide range of floors into different categories: nature, marquant and vibrant. Even though each plank is unique, this will give you an idea of what your floor will look like in the end.

Surface treatment

We add extra texture and provide you with a broad range of different styles.

(DEEP) BRUSHED

Through brushing, the natural grain structure of the wooden plank is accentuated, adding depth.

NATURAL KNOTS

Knots are a natural part of the wood, emphasising its liveliness. By including knots with subtly recessed surfaces, the authentic look of your floor is emphasised, creating more depth and a vintage look.

DESIGN COLOURS

Through the use of different treatment techniques, like smoking and reactive staining, each plank features a unique and natural colour.

Finish

All Quick-Step parquet floors are pre-finished for your convenience.

You won't need any lacquer or oil after the installation. Thanks to this protective layer, your parquet floors will look brand new, even after years of use.

LACQUERED FINISH

- Seven layers of protective lacquer.
- Highly scratch and wear resistant.
- Improved protective layer that keeps the surface and the joints of your floor clean, even after years of use, thanks to Wood for Life.

OILED FINISH

- Two layers of high-quality oil.
